**4. Minutes:** The minutes were agreed as a true record with the amendment of Resolution 2 being written in full. The following brief points were noted as Matters arising: There was nothing to report on Millfield Road but it would be kept on future Agendas; Nothing had been heard about the pedestrian crossing but Cllr Reid agreed to chase that up; the letter to the PCC had been sent re the Pack Horse Bridge but a reply had not yet been received; the current Covenants Policy which is due to be rewritten will be circulated, for information, to the new Councillors; Councillors agreed to look at the trees along the station approach as there was some confusion as to whether the Wellington had had them cut back.

## 5. Planning

2008/0152 Hill House Conditional permission granted

2008/008 Wentworth Grange Conditional permission granted

2008/0143 Woodside, Sandy Bank Conditional permission granted

There was a brief discussion about the new Planning application for the Post Office. Cllr Latham declared an interest at this point and left the meeting. Councillors had been briefed on the previous application and the outcomes. It was noted they could only comment on planning points specifically but if Tynedale granted approval then the issue of the covenant would have to be considered as the deeds of the property were very specific relating to only retail use of the premises. It was agreed that the Planning subcommittee would look at the application and the outcome from Tynedale would be awaited before any decisions were made.

## 6. Correspondence:

a) *General – for circulation.*

b) *Stocksfield Post offices:* All the neighbouring Parishes had received a letter from Stocksfield PC concerning their two Post Offices, either of which might be up for closure. The PC was trying to estimate usage of either of them by non-residents of Stocksfield. It was agreed that the Clerk would put a note into the Parish News and also a tick questionnaire into Bobby's for a short time.

c) *PlayPark:* A letter had been received from Mr Young concerning some shards of glass he'd found when playing there with his grandson. This was drawn to the Parish Council's attention and he had asked to view the inspection sheets for the last year which Cllr Dunhill brought for him to look at. It was noted that inspecting Councillors kept an eye out for such hazards but

it was difficult to spot glass in a molehill. Cllr Tulip thanked Mr Young for his letter.

d) *Tynedale Council*: Telephone Boxes: Tynedale are coordinating responses to BT about a number of public phone boxes they intend to close. The one outside the Post Office and the one up at Broomley were in our Parish. From a safety point of view it was felt they should stay for break downs, emergencies which might occur after the shops and the pub are closed for instance. It is known there is not a good mobile signal from some networks either in Riding Mill or in Broomley. The Clerk would also attempt to find out the numbers of times the phones have been used in the last 12 months.

e) *Tynedale Planning Forum*: no Councillor was available to attend and apologies would be sent.

## 7. Finance:

c) It was agreed that Cllr Dunhill and Cllr Tulip be the additional signatories, with the Clerk on the bank accounts and the mandates would be changed accordingly.

**8. Minor matters:** It was agreed the Clerk would look at the costs of a tape recorder with a view to purchase in accordance with the decision of an earlier meeting.

Cllr Reid raised the matter that Network Rail was suggesting downgrading the road/bridge over the railway next to Wentworth Grange. This is the safest route from there at present. The footpath is frequently used by residents from Broomhaugh. It was agreed the Clerk would write to Northern Rail objecting on safety grounds and she would also check if there was a PROW on the road. It was agreed to copy the letter to the County Council as it was believed the road was put in in the 1860s as a condition of receiving permission to run the railway on that route.

The Clerk would also write to the County about the possibility of placing a mirror opposite the other exit from Wentworth Grange and look into the costs; and ask that they look at keeping the footpath clear in some manner to improve the line of sight at the exit from Wentworth Grange opposite Broomhaugh.

The meeting closed at 8.50
